
How To Unsave All Saved Instagram Posts In One Click

To cancel saving one post at a time, tap the post and then tap the save icon in the lower right corner. You can repeat this process for other photos. Delete all ... Type words with a minus sign, such as [minus], in the text edit box or in the photo search box. Clicking this icon will delete all photos in the album and its sub-albums. You can also use this icon to restore all photos that you deleted earlier. You can also override the "Delete all photos when deleting an album" feature to delete one photo in an album and leave all others. This would be useful when deleting albums in a group message.
